W. J. SEDBERRY, President.

W. P. SCHLUTER, Vice-President.

There is a possibility of world
trouble back of the anti Oriental
riot in British Columbia this week.

The State Department takes that
view of it and is watching the de-
velopments with much more inter-
est as to their effect on the Anglo-
Japanese entente than for their
mere result in British Columbia.

The dispatches from the North-
west show that on Saturday night,
September 7, there was an out-
break of race rioting at Bellingham,
B. C., when a number of Hindoos
living there were driven over into
the United States. This was fol-
lowed by general anti-oriental out-
breaks at Vancouver and other
points. Now of course this is se-
rious enough, for no nation, like
to see its subjects mobbed in an-
other country, but Great Britain is
the ally on paper of Japan and will
have to explain the occurrences
more thoroughly than would some
country not so closely connected.

At the same time the people of
Vancouver do not display any
chastened spirit. In fact the
Mayor of the town has refused
either to apologize or consider an
indemnity. This is likely to strain
the relations between Great Britain
and Japan and between England
and British Columbia. And if this
state of affairs arises, it will be time
to look out for trouble from Japan
in India.

The way that the Honorable
Richmond Pearson Hobson can
scream in high C puts in the op-
eratic class without any question.

Lame Back

This is an ailment for which Cham-
berlain's Pain Balm has proven espe-
cially valuable. In almost every instance
it affords prompt and permanent relief.

Mr. Luke LaGrange of Orange, Mich.,
says of it: "After using a plaster and
other remedies for three weeks for a
bad lame back, I purchased a bottle of
Chamberlain's Pain Balm, and two ap-
plications effected a cure." For sale
by all druggists.

Unofficial reports from the im-
portant deep waterways commis-
sion appointed by the President
last winter, indicate a wide diver-
gence of opinion on just what is
needed for a comprehensive scheme
of waterway improvement. There
are a number of different experts
on the commission and naturally
each takes a particular interest in
the end of the problem that he has
been dealing with professionally.
Senator Newlands and Director
Newell of the Reclamation Service
have written a report on the con-
trol of inland waterways through
irrigation. Representative Bank-
head, coming from the South, is
strong on the necessity for a com-
prehensive levee system. Gifford
Pinchot, the Chief Forester points
out the need of reforestation of
streams and Prof. W. J. McGee ad-
vocates a series of dams and set-
tling basins to prevent the scouring
of river banks by sediment. This
divergence of opinion is only nat-
ural and the whole matter will be
threwed out with the President on
his coming trip down the Missis-
sippi with the Commission. Out
of the various views, the President
will collect data for recommenda-
tions in his next message to Con-
gress.

Attack of Diarrhoea Cured by One
Dose of Chamberlain's Colic, Chol-
era and Diarrhoea Remedy.

I was so weak from an attack of diarrhoea
that I could scarcely attend to my
duties, when I took a dose of Cham-
berlain's Colic, Cholera and Diarrhoea
Remedy. It cured me entirely and I
had been taking other medicine for nine
days without relief. I heartily recom-
mend this remedy as being the best to
my knowledge for bowel complaints.—
R. G. Stewart, of the firm of Stewart &
Bro., Greenville, Ala. For sale by all

As he crept softly upstairs the
clock struck two.

"Where have you been, Alfred?"

she asked, quietly.

"At the office, taking stock,"

came the glib reply.

"I thought I sent it. I suppose

you'll keep on taking it till you

land the children and me in the

poorhouse."

Occasional headache, belching, bad
taste in the mouth, lack of appetite
and slight nervousness are symptoms
of indigestion which, when allowed to
go uncared for, will develop into a case
of dyspepsia that will keep you long
enough to get rid of. Don't neglect your stomach.

TO AILING WOMEN.

A Little Sound Advice Will Help
Many a Sufferer in Jefferson.

No woman can be healthy and well
if the kidneys are sick. Poisons that
pass off in the urine when the kidneys
are well are retained in the body when
the kidneys are sick. Kidneys and
bladder get inflamed and swollen,
crowding the delicate female organs
nearly and sometimes displacing them.
This is the true cause of many bearing
down pains, lameness, backache, side-
ache, etc. Urine poisoning also causes
headaches, dizzy spells, languor, ner-
vousness and rheumatic pains.

When suffering so, try Doan's Kidney
Pills, the remedy that cures sick kid-
neys. You will get better as the kidneys
get better, and health will return when
the kidneys get well.

Mrs. J. F. Slayton, living eight miles
from Atlanta, Texas, on R. F. D. No. 1,
Queen City P. O., says: "Kidney
trouble bothered me for a year, causing
intense suffering in the small of the
back and pain in the sides. At times it
would be so bad that I would just have
to give in and lie down. The kidney
secretions were scanty, with a burning
sensation in passing. I tried several
medicines in vain before I got Doan's
Kidney Pills. They helped me at once
and finally cured me entirely, as I have
felt no return of the trouble since. To
recommend Doan's Kidney Pills is
therefore a pleasure."

Plenty more like this from Jefferson
people. Call at The J. F. Crow Drug
Co.'s store and ask what their cus-
tomers report.

cents. Foster-Milburn Co., Buffalo,

Lost and Found

Lost, between 9:30 p. m., yesterday
and noon today, a billious attack, with
nausea and sick headache. This loss
was occasioned by finding at W. J. Sed-
berry's drug store a box of Dr. King's
New Life Pills, the guaranteed cure for
billiousness, malaria and jaundice. 25c.

Salve is good for boils, burns, cuts,

One of the worst features of kidney

trouble is that it is an insidious disease
and before the victim realizes his dan-
ger he may have a fatal malady. Take
Foley's Kidney Cure at the first sign of
trouble as it corrects irregularities and
prevents Bright's disease and diabetes.
